

## **Liminal Gate Press**

*'In a space between the worlds, a new portal is opening – where will it take you?'*

### **They say that history repeats itself...**

Liminal Gate Press is an experimental grassroots community bringing together authors and creatives in the counterculture spirit of the 60's and 70's when the arts and culture was filled with new and exciting ideas, and when magic and witchcraft were capturing the public's imagination.

### **We are:**

A new initiative created by magical practitioners and authors who between them have decades of experience in the realms of magical practices, British occult history, the arts and publishing.

### **We hope:**

That as a creative coming on board this journey with Liminal Gate Press, we can work together in a collaborative and authentic way, to be able to manifest your work in published form and present it successfully to the world.

### **We feel that a change is needed:**

We want to support and encourage new and emerging talent in the areas of the Occult, Paganism and Magic whilst offering a platform to everyone with a new magical idea.

### **We aim:**

To encompass all voices - everyone is welcome. To support one another and to create a community of magical and creative minds that can emerge as a voice for the future.

### **We want to find:**

Esoteric Artists, writers and magickal practitioners that can remind us of authenticity, beauty, the mystery, wonder and magick in the world around us both today and historically.

## **Magick:**

Is inherently about creating meaningful change – whether that be to ourselves, or in the world around us. In this meta-modern world, the language of the esoteric and the discussion around Magick is changing and we hope to be part of that change.

## **We offer:**

Enthusiasm, knowledge, contacts, support and the ability to manifest your ideas in collaboration with you.

## **Liminal Gate Press:**

We don't tie you to us. We understand that your work may change, and a different publisher might become more appropriate for you. Ultimately, we are aiming to do things differently and organically, to offer something new to you and to grow together through the experience.

## **We ask you to:**

- Talk and collaborate with us through the manifestation process.
- Help spread the word for any LGP publication through your own social media channels.
- Support your fellow LGP writers and artists.

## **What next?**

Please email us at [liminalgatepress@gmail.com](mailto:liminalgatepress@gmail.com) and we will arrange to have a video call with you where we can introduce ourselves and discuss your project further.

## **The future is unwritten:**

Will you help us write it?

*If I had not made magic my constant study, I could not have written a single word of my Blake book [The Works of William Blake, with Edwin Ellis, 1893], nor would The Countess Kathleen [stage play, 1892] have ever come to exist. The mystical life is the centre of all that I do and all that I think and all that I write.*
